What does the party consist of?

Each party is reserved for a 2 hour time block (unless additional time is requested). You will be asked to arrive 30 minutes prior to your party start time to prepare for set-up and guest arrival. At this time you will be greeted by a Birthday Party Instructor and questions and/or instructions will be given. As your guests arrive, they will check-in with you in the lobby. Once all guests have checked in, participants will be led to the party. The first 15 minutes will be a supervised warm-up accompanied by music. As the warm-up concludes, every group of 10 students will be grouped with 1 instructor (boys/girls and age) and placed in a circuit of activities. The floor activities include relay races, gymnastics, games, obstacle courses, zip-line, mazes, and much more! The activities will run for approximately 1 1/2 hours. Once all floor activities are concluded, you can serve your choice of refreshments, food, cake, and any other activity you prefer. You will have the last 30 minutes of your party block to conclude the party activities. You may modify the schedule by special request or if you choose to add additional time to your party date.

HAPPY BIRTHDAY

Guidelines

Gymnastics Activity will include obstacle courses, games, and/or other fun activities using gymnastics apparatus. This is a supervised party for children. Children will be grouped and will participate in the gymnastics activities with an instructor. Only the parents of the birthday child are allowed on the gym floor. For parties with children attending that are 3 or under, one parent will be allowed to participate with the child. All guests, spectators, non-participants, and visitors must stay in the lobby. For children who can not stay with an instructor and/or group (i.e.: unruly children, toddlers) will be asked to view the party in the lobby until the conclusion of the party time block.
